

Active Schools

Active schools run various after school clubs for pupils across the whole of Perth and Kinross. They need coaches and officials to help with their training and games.

- **An Active Schools placement would suit:**
 - A student with an interest in working with children and young people
 - A student with knowledge and/or experience in coaching or officiating in a specific sport
 - A student that is enthusiastic, organised with good time management skills
- The placement would be voluntary
- The placement could be in either an assistant or lead role capacity
- The time and location of the placement would depend on the area and sport you are interested in.

If you are interested in a placement with Active Schools please email hazeldonaldson@liveactive.co.uk with the details of the sport and area you are interested in. From there, we will contact the relevant Active School Coordinator to try and find an opportunity that suits your interests.
